Activities Falling Under General Manager Report

- 1. Tree down at Entrance to Stonebriar. On Saturday, December 10, during the excessive rain storm, a tree went down at the entrance to Stonebriar and was blocking the road. The CHP was called but there was nothing they could. A big thank you to Bret Collette and another resident who graciously volunteered to cut up the tree and clear the roadway. Brenda Collette reported that the black metal fence at the site of the tree fall was damaged and that the wood is still on site. Mark Magee reported that the landscapers would haul the wood away.
- 2. Fire Mitigation for 2023. The goat company contacted Mark Magee about securing a spot for the 2023 goat fire mitigation weed clearing services. Recalling from prior years, former General Manager was concerned about making sure the District got on the calendar each year to secure a spot as requests for goat services have increased dramatically over the past years. Mark is working to obtain a proposal for the coming year for consideration at the first meeting in January. He commented about whether the area for services is reduced due to the new development. Will be discussed under Item 7.a.
- 3. Landscape/Park Maintenance Issues.
 - a. Irrigation. Additional call and email received from residents about overwatering. References were made to Stonebriar Park and most recent report as to area on Dunnwood. Mark Magee checked the areas and found an additional area where the water was still on. Berkshire Parks being soggy, muddy, boggy, and concerns about damaging the turf walking on it in this condition. Mark discussed the water with the landscapers and the park water was turned off on Friday, November 11. The residents were advised.
 - b. Valve replacement maintenance work at Stonebriar Park. Mark Magee reported that the valve has been replaced.
- 4. Flyer for GM Recruitment and Get Involved. Updated flyers were delivered. Clerk received inquiry from one person potentially interested but has not yet made contact. This item will be on the January organizational agenda for discussion.
- 5. Ongoing Sidewalk Issue. *This item will be discussed under Old Business, 5.a.*
- 6. Other issues?

January 17, 2023 GM Type activities update:

- 7. **Fence Down at End of Dunnwood Drive in Cul-De-Sac.** On January 7, 2023, during the high winds and storm, the fence at the end of Dunnwood Drive blew down. Thanks to the volunteer efforts of resident, John Salmon, the fence was propped up and is now in the process of receiving proper repairs to replace rotted posts to extend the life of the fence a bit longer. Mr. Salmon graciously is doing the work for the betterment of the community.
- 8. **Doggie Bag Locations**. All doggie bag locations have been refilled this past week.

6.a. Tree and Sbrub Overgrowth at 7964 Belhaven Drive. A resident at 7964 Belhaven Drive reported to the District bushes growing closer and closerto her fence and inquired if the District would be taking care of it. She noted that the area behind her back fenceline is quite steep leading down to the wetlands area making accessibility difficult. She said her primary concern is as to a fire hazard. The resident, Nancy, also confirmed that she had called the El Dorado Hills Fire Department to report the issue. The Board asked whether the vegetation is up to the fence or reaching over the fence. Nancy said, not quite. She said she has photos which she can share with the Board. Director Ed McGowan noted concern about the protected wetlands area and is uncertain whether fire mitigation applies to protected areas. He said he thinks the Fire Department should make the call on this issue. Director Collette said the District would like to take care of it if necessary. - b. COVID-19 State of Emergency and Changes to the Brown Act Regarding Remote Meetings. The Clerk briefed the Board about Governor Newsom's announcement that California's COVID-19 State of Emergency will end February 28, 2023. Although the provisions of AB 361 adding subdivision (e) to Government Code section 54953 expire on January 1, 2024, it applies only during a proclaimed state of emergency. On September 13, 2022, Governor Newsom signed AB 2449, effective January 1, 2023, which amends the Brown Act to authorize teleconferencing when a Board member can demonstrate "just cause" or an "emergency circumstance" (addition of subdivision (f). Come March 1, 2023, the District will return to the default teleconferencing rules, with the added ability to use the AB 2449 procedures when a Board member can demonstrate "just cause" or "emergency circumstance" as defined in Government Code section 54953 subdivision (f). The date, time, and place of regular meetings may be reconsidered annually at the annual organizational meeting of the Board. On October 22, 2022, gracious volunteers from the Board loaded the materials illegally dumped on District property next to Stonebriar Park including 67 pounds of heavy truck exhaust parts. - 6. Flyer for GM Recruitment and Get Involved. Linda updated the flyers with new date by when the Board requests interest in the GM position November 30, 2022. She parsed out the areas

of the District by map and allocated the flyers for each section. The flyers are in Brenda Collette's hands and volunteers available to distribute the flyers can coordinate with Brenda or Linda. UNITED STATES DEPARTMENT OF COMMERCE U.S. Census Bureau

Office of the Director Washington, DC 20233-0001

A Message from the Director, U.S. Census Bureau:

We request your participation with the **2022 Census of Governments.** This survey provides the only source of nationwide and comprehensive information on state and local government finances. Results of this survey are used by the U.S. Congress, federal agencies, state governments, other local governments, educational and research organizations, and the general public. For example, the U.S. Department of Justice uses our expenditure data to calculate the required pass-through percentages from state to local governments for the Byrne Memorial Justice Assistance Grants.

We will obtain most of the information for your local government from the Annual Financial Report submitted to the California State Controller's Office. However, we need the information indicated on the survey form to complete our tabulations for the CA communities in the United States. The financial figures you provide do not have to be audited or certified if those numbers are not available. The enclosed document provides further instructions.

Please fill out the survey online using the information listed below:

Dear Clients and Customers,

It is with some sadness, but also with anticipation to let you all know I will be retiring from the insurance business at the end of this year.

It has been both an honor and a privilege to work with you all these past years. For many of you it has been more than twenty years.

I am leaving you in very good hands. Your agent, Josh Horch, will remain in the office and is always available to answer your calls, emails, etc. As an agency owner/partner, Josh is looking forward to continuously serving you with a hands-on approach, just as Michael Michener and Dick Maw have in years past. Supporting Josh in managing your business insurance will be Bryn Vollenweider. Bryn has been with our agency for a number of years now and is very eager to assist as I transition away from my role as an Account Manager. I am confident that Josh and Bryn, combined, will take good care of you.

Wishing you all the best as I embark on this new adventure of retirement. I will certainly miss you all. Take care.

Best Regards,

The Waterfront

Rumor Control: Folsom Heights

EID does not currently provide water or sewer services to anyone in the City of Folsom. However, EID will eventually serve a small portion of the area currently under construction (outlined in red on the map) located between Highway 50 and White Rock Road just over the county line. The area that EID will eventually serve is located on approximately 190 acres of property in Sacramento County that was annexed into EID's service area in the late 1970s.

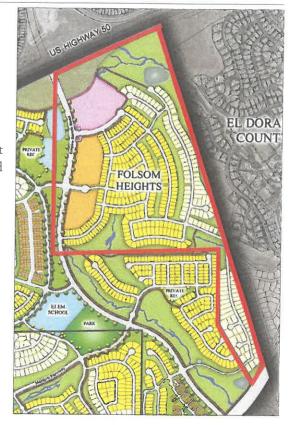

The proposed development within EID's service area is named Folsom Heights and it is planned for about 530 residential/commercial units. EID will provide the water and wastewater service for Folsom Heights only. The rest of the larger Folsom Area Plan (south of Highway 50) will be served by the City of Folsom.

EID has the water and sewer capacity to serve this small portion of its service area in Sacramento County.

Readers might be wondering why EID would serve this development in Sacramento County. This area has been in EID's service area for many years. EID benefits from having a portion of its service area in Sacramento County because it qualifies for a multi-county exemption that prevents the State from raiding the property taxes EID receives in order to balance the state budget.

The developer will be responsible to install and pay for all of the infrastructure required to serve the project, including new water and sewer pipelines, a water booster station and upgrades to an existing sewer lift station. EID will also charge connection fees associated with the new water and sewer hookups — the same as any other new connection in our service area. These connection fees will be used to help pay for EID's future capital improvement projects.

EID will own and maintain the water and wastewater pipelines within Folsom Heights, which will be connected to our existing infrastructure. Water and wastewater rates and charges will also be the same as any other EID customer, so although a future resident in Folsom Heights will be located within the City of Folsom, they will receive EID water/wastewater bills. The details of providing service would be addressed when the applicant applies for service and enters into an agreement with EID for extension of EID facilities. Currently, the District is awaiting submittal of their improvement plans for review.

Save on Sewer Bills Year Round

The residential sewer commodity charge is based on what we call the "winter quarter average" or the water consumption during the winter months.

- For billing cycles 1, 2, 3, or 4, the water consumption on the February bill is used to calculate a new sewer commodity charge to go into effect on the April bill.
- For billing cycles 5, 6, 7, or 8, the water consumption on the January bill is used to calculate the new sewer commodity charge to go into effect on the March bill.

The new commodity charge will remain in effect for one full year. You can positively affect your sewer bill for the rest of the year by conserving water during this period.

So stop irrigating during the winter and save on your sewer bill year round! More tips available at www.eid.org/maintenance.

email billing@eid.org.

Contact Information for Emergencies and New Text Option

EID uses an automated phone and email notification system to notify customers during outages and other emergencies. Coming in early 2023, the District will be implementing a new option for customers to receive text notifications.

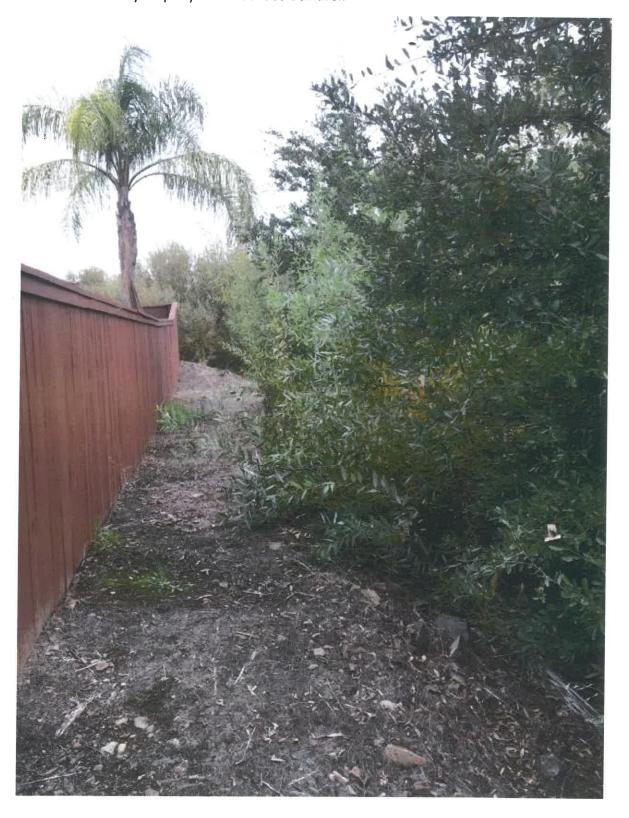

In order to receive important notices about your services, it is vital that EID has your current phone number and/or email address listed on your account to receive a call or message from EID during an outage or emergency.

To update your contact information and/or opt in to begin receiving text messages, please visit our website and complete the Update My Contact Information form (www.eid.org/about-us/forms/update-my-contact-information), or scan the QR code at right with your mobile phone or tablet. Rolling Hills Community Services District POLICY HANDBOOK

POLICY TITLE: Board Meetings

POLICY NUMBER: 5010

5010.1 Meetings of the Board of Directors are held in accordance with the requirements of the Ralph M. Brown Act ("Brown Act") (California Government Code sections 54950 through 54926). Regular meetings of the Board of Directors shall be held on the third Tuesday (INSERT NEW DAY OF THE WEEK) of each calendar month at 7:00 PM in the Holiday Inn Express & Suites meeting room, 4360 Town Center Drive, El Dorado Hills, CA, or as allowed by the Brown Act then in effect. The date, time and place of regular Board meetings may be reconsidered annually at the annual organizational meeting of the Board.

5010.2 Special meetings of the Board of Directors may be called by the Board President or by a majority of the Board members.

5010.2.1 All Directors shall be notified of the special Board meeting and the purpose or purposes for which it is called. Said notification shall be in writing, received by them at least 24 hours prior to the meeting.

5010.2.2 Newspapers of general circulation in the District, radio stations and television stations, organizations, and property owners who have requested notice of special meetings in accordance with the Ralph M. Brown Act (California Government Code §54950 through §54926) shall be notified by a mailing unless the special meeting is called less than one week in advance, in which case notice, including business to be transacted, will be given by telephone during business hours as soon after the meeting is scheduled as practicable.

5010.2.3 An agenda shall be prepared as specified for regular Board meetings in Policy 5020 and shall be delivered with the notice of the special meeting to those specified above.

5010.2.4 Only those items of business listed in the call for the special meeting shall be considered by the Board at any special meeting.

5010.3 Emergency Meetings. In the event of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, the Board of Directors may hold an emergency special meeting without complying with the 24-hour notice required in 5010.21, above. An emergency situation means a crippling disaster which severely impairs public health, safety, or both, as determined by a majority of the Board.

5010.3.1 Newspapers of general circulation in the District, radio stations and television stations which have requested notice of special meetings in accordance with the Ralph M. Brown Act (California Government Code §54950 through §54926) shall be notified by at least one hour prior

to the emergency meeting. In the event that Telephone services are not functioning, the notice requirement of one hour is waived, but the Board, or its designee, shall notify such newspapers, radio stations, or television stations of the fact of the holding of the emergency special meeting, and of any action taken by the Board, as soon after the meeting as possible.

5010.3.2 No closed session may be held during an emergency meeting, and all other rules governing special meetings shall be observed with the exception of the 24-hour notice. The minutes of the emergency meeting, a list of persons the Board or designee notified or attempted to notify, a copy of the roll call vote(s), and any actions taken at such meeting shall be posted for a minimum of ten days in the District office as soon after the meeting as possible.

5010.4 Adjourned Meetings. A majority vote by the Board of Directors may terminate any Board meeting at any place in the agenda to any time and place specified in the order of adjournment, except that if no Directors are present at any regular or adjourned regular meeting, the General Manager may declare the meeting adjourned to a stated time and place, and he/she shall cause a written notice of adjournment to be given to those specified in 5010.2.2 above.

5010.5 Annual Organizational Meeting. The Board of Directors shall hold an annual organizational meeting at its regular meeting in December, or as soon thereafter if no December meeting is held. At this meeting the Board will elect a President and Vice President from among its members to serve during the coming calendar year.

5010.6 The Chairperson of the meetings described herein shall determine the order in which agenda items shall be considered for discussion and/or action by the Board.

5010.7 The Chairperson and the Board Secretary/Clerk shall ensure that appropriate information is available for the audience at meetings of the Board of Directors, and that physical facilities for said meetings are functional and appropriate.
